Without the assistance of community-minded individuals just like you, we wouldn't be able to serve those in our community. Each year we lose 26% of females who drop out of high school, due to teen pregnancy, lack of self-confidence, feelings of worthlessness or substance abuse dependencies these are some of the reasons APTW is committed to this cause of improving mental wellness through positive thinking.

As you are reading this devastating things are happening to females, who feel their lives have no meaning, because she is a teen expecting a baby, she is depressed because she is being bullied or she feels her body image is imperfect and hides her pain through substance abuse dependencies leading to unemployment, worthlessness, stress or depression. Our purpose is to provide positive thinking solutions by teaching her all the limitless and positive thinking answers available to her, to her family and to her community as she learns how to improve the quality of her life with positive thinking results, by
taking one positive and empowering step at a time. Will you help us to Achieve Positive Thinking Worldwide?

By becoming a "Positive thinking donor" you help us produce quality and entertaining and much needed projects, helping people, especially females, positively feel empowered even amidst life's challenges.
